

Multi-faceted designer creating memorable experiences that connect people.

BRC Imagination Arts

Burbank, CA / Edinburgh, UK

Show Set Designer / Installation Producer

Jul 2019 - Present

- Design architectural set pieces, casework, furniture, and props. Utilize hand sketching, 3D modeling (Rhino and Revit), and rendering (V-Ray and Photoshop) throughout the process.
- Create parametric Revit families and manage coordinated BIM model to facilitate integration of custom fabrication, lighting, AVC systems, and show action equipment within facility shell.
- Prepare tender drawings, details, and art direction packages for scenic fabrication vendors.
- Create general arrangement floor plans, RCPs, and elevations to communicate design intent to facility contractors and local planning authorities.
- Oversee production and installation of custom fabrication pieces and graphics, coordinating with facility contractors and architects as needed.
- Solve installation issues through a positive, collaborative approach.
- Utilize 3D printing to prototype and produce props and architectural detail pieces.

Walt Disney Imagineering

Glendale, CA

Show Set Designer (Graduate Internship)

Jun 2018 - Sep 2018

Creative Producing (Graduate Internship)

Jun 2018 - Jun 2019

- Modeled and documented scenic elements for the schematic and design development packages for the *Frozen* ride coming to Tokyo DisneySea.
- Prepped and integrated rockwork model scan data into coordinated BIM model.
- Supported creative executives on Tokyo resort portfolio multi-use expansion planning.
- Graphic design for pitch presentations and attraction environmental graphics.
