

“ HI THERE! I'm Nathan. I left a career in interactive design to pursue my passion of storytelling through themed experiences.

I'm currently earning my MFA in Themed Entertainment Design at SCAD and seeking work in creative design or show set design starting June 2018. ”

WORK EXPERIENCE

Walt Disney Imagineering

Intern, Project Coordination (Jun - Sep 2017)

Supported producers and designers on Tokyo Disneyland and DisneySea expansion projects. Designed moodboards for brainstorm sessions and packaged end-of-phase presentations.

Served select projects with creative design, including creating graphic interpretations of Disney woodland characters for tapestries in the new Fantasyland Broadway-style theater.

Interactive Design

Freelance (2016 - Present)

Location3 Media (2012 - 2015)

Faction Media (2008 - 2010)

Worked my way up to Creative Director position, leading a team of designers, developers and copywriters creating interactive experiences.

This work engrained a user-centered creative approach in me that I now translate into guest experience for themed entertainment.

Content Development

Location3 Media (2010 - 2015)

Produced and art-directed motion graphics, branded videos, infographics, and social shareables. Worked on every stage of process from concept to script to production to post.

Film & Commercial Production

Freelance (2006 - 2008)

Assisted production design team with set dressing, props and costumes. Worked as production manager/PA on feature films and commercials.
