

Multi-faceted designer creating memorable experiences that connect people.

BRC Imagination Arts

Los Angeles (Remote from Boulder, CO + international travel)

Show Set Designer (Immersive Experiences) / Art Director

Jul 2019 – Present

- Ideate and design immersive experiences using a variety of digital and traditional tools.
- Develop experience details including architecture, signage, exhibition fixtures, and props.
- Utilize hand-sketching, 3D modeling, and digital rendering/illustration to develop design concepts.
- Present design concepts to executive-level clients.
- Prepare tender drawings, details, and art direction packages for custom fabrication vendors.
- Source, sample, and specify materials for environmental graphics and specialty fabrication pieces.
- Use BIM technology to facilitate seamless integration of lighting, AVC technologies, and special-effects equipment.
- Guide production and installation of immersive experiences, collaborating with printing, fabrication, and construction partners.
- Leverage VR, 3D print prototyping, and parametric design for an efficient design process.
- Projects include the Johnnie Walker Princes Street global brand home (Edinburgh), the Pilsner Urquell Original Beer Experience (Prague), and Great Wolf Resorts.
